

# Projection

"I am"

Not-Self, the  
Enemy

A possibility  
that I must  
search

A certainty that I  
must avoid  
projection of not-  
self , the Enemy

I seek this in  
power,  
possessions,  
prestige or a sense  
of belonging

Wherever I am, I  
have the enemy  
and this enemy is  
always someone.

**Ego is  
Created**

**Founded on  
Ambition**

**Ego is an  
Ambition &  
the ambition  
is ...**

**Realize my  
basic  
possibility**

**Overcome  
my enemy**

**Short-term  
Solution**

**Projection  
through  
language, i.e.  
words,  
images,  
shapes**

**It is the  
possibility of  
this  
projection of  
the world  
that makes  
us different  
from animals.**
